Texas Architectural
Woodwork Institute

Member Directory

www.texasawi.com

Mission

To promote the use of architectural woodwork by reaching and informing customers, design professionals and the woodworking community with programs of value.

To promote quality standards and certification program as developed by AWI National.

To provide education through seminars, workshops, publications and networking.

To promote the value of AWI National membership and their resources in the woodworking community.

Texas

The Lone Star State

The Texas Chapter of the Architectural Woodwork Institute (TAWI) is a non-profit organization partnering with AWI National in being the authoritative resource for the advancement of architectural woodwork.
